

Depot Locations and Sample Pick Up Services

Paracel Laboratories Ltd. is dedicated to providing total support to our clients in all aspects of their environmental projects. An integral part of this service is providing reliable sample shipping options to our clients located throughout Ontario. Our main laboratory facilities are located in Ottawa and are supported by our asbestos laboratory in Mississauga with three additional locations serving as depots to our clients in the Niagara, Kingston and Sarnia regions.

All of our locations are equipped to provide sample media, supplies and project support. To schedule a delivery, please contact the Service Team member at the location nearest to you.
