

Fact Sheet

Our Commitment

- Responsive service
- Rapid and reliable turn-around times
- Rigorous science and sound, defensible results

Company Profile

Paracel Laboratories Ltd. is a full-service environmental and Indoor Air Quality laboratory. Our main laboratory facilities are located in Ottawa and are supported by our asbestos laboratory in Mississauga with three additional locations serving as depots to our clients in Niagara, Kingston and Sarnia. We support a broad spectrum of projects for professional clients from across Canada and around the world. Our client base primarily consists of major environmental consultants, all levels of government and industrial manufacturers located predominantly in Ottawa, Toronto, Niagara, Eastern and Southwestern Ontario as well as Calgary and Vancouver.
