

Laboratory and Depot Location and Sample Pick Up Services

Paracel Laboratories Ltd. is dedicated to providing total support to our clients in all aspects of their environmental projects. An integral part of this service is providing reliable sample shipping options to our clients located throughout Ontario. Our main laboratory facilities are located in Ottawa and are supported by our asbestos laboratory in Mississauga with four additional locations serving as depots to our clients in the London, Niagara, Kingston and Sarnia regions. All of our locations are equipped to provide sample media, supplies and project support. To schedule a delivery, please contact the Service Team member at the location nearest to you.

After hours sample drop off is currently available at our Ottawa East, Ottawa West, Kingston, London, Niagara and Mississauga locations. Access codes for after hours drop off can be provided to you by calling the Paracel Service Team at 1-800-749-1947 or your local Paracel location. This code will provide you access to the vestibule where you can leave your cooler(s) in the lockers provided. Once you have secured the cooler(s) in the lockers, simply drop the key in the external drop slot and your samples will be collected and processed the following business day. Turnaround times for samples left with Paracel after-hours will begin the next business day. If you are leaving prioritized samples after-hours, please call to notify the laboratory prior to submission. If you require ice packs or any other sampling media or supplies, please call Paracel to arrange for these items to be left in the vestibule for you.
